EDUCATION

JSPM, Bhivarabai Sawant Institute of Technology, Wagholi <i>B.E. in Computer Science (CGPA: 7.95)</i>	2021 – 2025 <i>Pune, Maharashtra</i>
Yoganand Junior College <i>Higher Secondary Certificate (90%)</i>	2019 – 2021 <i>Partur, Maharashtra</i>
Yoganand Madhyamic Vidyalaya <i>Secondary School Certificate (88.20%)</i>	2019 <i>Partur, Maharashtra</i>

TECHNICAL SKILLS

- **Frontend Development:** HTML5, CSS3, JavaScript (ES6+), React.js, Redux Toolkit, node.js
- **Programming & DSA:** Arrays, Strings, Basic Problem Solving
- **Tools & Platforms:** Git, GitHub, VS Code, Netlify
- **Other Skills:** Responsive Web Design, API Integration, Deployment

PROJECTS

Personal Portfolio Website — React.js, CSS, GitHub, Netlify [🔗 Live Link](#)

Frontend Development Project

- Designed and developed a responsive personal portfolio using React.js.
- Built reusable components and managed UI using React hooks.
- Implemented smooth scrolling navigation and mobile-first responsive layout.
- Deployed the application on Netlify and maintained source code using GitHub.

Smart Study Session — HTML, CSS, JavaScript [🔗 Live Link](#)

Frontend Development Project

- Designed and developed a Smart Study Session web app to improve focus using study/break cycles.
- Implemented a real-time countdown timer with dynamic progress bar and cycle tracking.
- Added pause/resume toggle functionality with automatic UI updates for better user control.
- Integrated LocalStorage for session history tracking, auto-save, and restore after refresh.

Movie Night Planner — JavaScript (ES6 Classes, Constructor) [🔗 Live Link](#)

Object-Oriented JavaScript Project

- Built a movie planning application using ES6 classes and constructors.
- Applied object-oriented programming concepts for clean and maintainable code.
- Enabled users to add, remove, and manage movie night plans dynamically.
